

HAVE YOU HEARD?

New Online CME Opportunity

NOW AVAILABLE!

The online module **Childhood Hearing: A Sound Foundation in the Medical Home** is now available on www.PediaLink.org for registration. The module content was developed by nationally and internationally renowned pediatricians and audiologists, and is presented in an interactive and informative manner, including engaging vignettes, multimedia, and resources you can personalize and download for your own office. You can participate in this module from the convenience of your own office or home.

Learn about:

- Different types of hearing loss
- Screening methods for hearing loss
- Medical and genetic risk factors
- The importance of early recognition and ongoing surveillance
- The role of the medical home in hearing screening

Earn a maximum of 5 AMA PRA Category 1 credits.

AAP Member: \$75 registration fee

Non-member: \$100 registration fee

Special thanks to Mary Pat Moeller, Ph.D, Betty Vohr, MD, Judy Gravel, Ph.D, Mark Goldstein, MD, Daniel Choo, MD, Becky Harris, Bob Englander, and the NCBDDD/CDC Early Hearing Detection and Intervention Team for devoting their time and effort in developing this module. This module is funded through a cooperative agreement with the National Center on Birth Defects and Developmental Disabilities at the Centers for Disease Control and Prevention.

For more information about this module, or if you have any questions, please contact Yulee Lee at ylee@aap.org.
