To provide you and your child with the best possible health care, we would like to know how things are going. Please answer all the questions. Thank you.

WHAT WOULD YOU LIKE TO TALK ABOUT TODAY?
Do you have any concerns, questions, or problems that you would like to discuss today?  ○ No  ○ Yes, describe:

TELL US ABOUT YOUR CHILD AND FAMILY.
What excites or delights you most about your child?

Does your child have special health care needs?  ○ No  ○ Yes, describe:

Have there been major changes lately in your child’s or family’s life?  ○ No  ○ Yes, describe:

Have any of your child’s relatives developed new medical problems since your last visit?  ○ No  ○ Yes  ○ Unsure  If yes or unsure, please describe:

Does your child live with anyone who smokes or spend time in places where people smoke or use e-cigarettes?  ○ No  ○ Yes  ○ Unsure

YOUR GROWING AND DEVELOPING CHILD
Do you have specific concerns about your child’s development, learning, or behavior?  ○ No  ○ Yes, describe:

Check off each of the tasks that your child is able to do.

- ☐ Imitate scribbling.
- ☐ Drink from cup with little spilling.
- ☐ Point to ask for something or to get help.
- ☐ Look around when you say things such as “Where’s your ball?” and “Where’s your blanket?”
- ☐ Use 3 words other than names.
- ☐ Speak in sounds that seem like an unknown language.
- ☐ Follow directions that do not include a gesture.
- ☐ Squat to pick up objects.
- ☐ Crawl up a few steps.
- ☐ Run.
- ☐ Make marks with a crayon.
- ☐ Drop an object into and take the object out of a container.

SOCIAL AND FAMILY HISTORY
Areas reviewed and updated as needed (See Initial History Questionnaire):

Changes since last visit:

Smoking household: No Yes:

Firearms in home: No Yes:

Observation of parent-child interaction:

Parents working outside home: One parent Both parents

Child care: No Yes Type:

REVIEW OF SYSTEMS
A 10-point review of systems was performed and results were negative except for any positive results listed below.

Bold = Focus area for this Bright Futures Visit

Constitutional: ____________________________ Respiratory: ____________________________ Skin: ____________________________

Eyes: ____________________________ Gastrointestinal: ____________________________ Neurological: ____________________________

Head, Ears, Nose, and Throat: ____________________________ Genitourinary: ____________________________ Other: ____________________________

Cardiovascular: ____________________________ Musculoskeletal: ____________________________ Other: ____________________________

PHYSICAL EXAMINATION
✓ = System examined  Bold = Focus area for this Bright Futures Visit

Normal examination findings in text. Cross out abnormalities. Describe other findings in the area provided.

Head: Normocephalic and atraumatic.

Ears, nose, mouth, and throat: Tympanic membranes with visible light reflex bilaterally. Healthy-appearing teeth without caries, plaque, or discoloration.

Neck: Supple, with full range of motion and no significant adenopathy.

Heart: Regular rate and rhythm. No murmur.

Respiratory: Breath sounds clear bilaterally. Comfortable work of breathing.

Abdomen: Soft, with no palpable masses.

Genitourinary:

Normal female external genitalia.

Normal male external genitalia, with testes descended bilaterally.

Neurological: Moves all extremities equally. Normal hand grasp and strength. Age-appropriate gait.

Skin: Warm and well perfused. No lesions (atypical nevi, café-au-lait spots, or birthmarks) or bruising.

Other comments:

ASSESSMENT

Well child NORMAL interval growth (See growth chart.) Normal weight-for-length percentile for age Age-appropriate development
Well Child | 15 Month Visit

**ANTICIPATORY GUIDANCE**

- **COMMUNICATION AND SOCIAL DEVELOPMENT**
  - Individuation
  - Separation
  - Finding support
  - Attention to how child communicates wants and interests

- **TEMPERAMENT, DEVELOPMENT, BEHAVIOR, AND DISCIPLINE**
  - Conflict predictors and distraction
  - Discipline and behavior management

- **SLEEP ROUTINES AND ISSUES**
  - Regular bedtime routine
  - Night waking
  - No bottle in bed

- **HEALTHY TEETH**
  - Brushing teeth
  - Reducing caries

- **SAFETY**
  - Car safety seats and parental use of seat belts
  - Safe home environment: poisoning, falls, and fire safety

Consistent with Bright Futures: Guidelines for Health Supervision of Infants, Children, and Adolescents, 4th Edition
TALKING AND FEELING

- Try to give choices. Allow your child to choose between 2 good options, such as a banana or an apple, or 2 favorite books.
- Know that it is normal for your child to be anxious around new people. Be sure to comfort your child.
- Take time for yourself and your partner.
- Get support from other parents.
- Show your child how to use words.
  ◦ Use simple, clear phrases to talk to your child.
  ◦ Use simple words to talk about a book’s pictures when reading.
  ◦ Use words to describe your child’s feelings.
  ◦ Describe your child’s gestures with words.

A GOOD NIGHT’S SLEEP

- Put your child to bed at the same time every night. Early is better.
- Make the hour before bedtime loving and calm.
- Have a simple bedtime routine that includes a book.
- Try to tuck in your child when he is drowsy but still awake.
- Don’t give your child a bottle in bed.
- Don’t put a TV, computer, tablet, or smartphone in your child’s bedroom.
- Avoid giving your child enjoyable attention if he wakes during the night. Use words to reassure and give a blanket or toy to hold for comfort.

TANTRUMS AND DISCIPLINE

- Use distraction to stop tantrums when you can.
- Praise your child when she does what you ask her to do and for what she can accomplish.
- Set limits and use discipline to teach and protect your child, not to punish her.
- Limit the need to say “No!” by making your home and yard safe for play.
- Teach your child not to hit, bite, or hurt other people.
- Be a role model.

HEALTHY TEETH

- Take your child for a first dental visit if you have not done so.
- Brush your child’s teeth twice each day with a small smear of fluoridated toothpaste, no more than a grain of rice.
- Wean your child from the bottle.
- Brush your own teeth. Avoid sharing cups and spoons with your child. Don’t clean her pacifier in your mouth.

15 MONTH VISIT—PARENT

SAFETY

- Make sure your child’s car safety seat is rear facing until he reaches the highest weight or height allowed by the car safety seat’s manufacturer. In most cases, this will be well past the second birthday.
- Never put your child in the front seat of a vehicle that has a passenger airbag. The back seat is the safest.
- Everyone should wear a seat belt in the car.
- Keep poisons, medicines, and lawn and cleaning supplies in locked cabinets, out of your child’s sight and reach.
- Put the Poison Help number into all phones, including cell phones. Call if you are worried your child has swallowed something harmful. Don’t make your child vomit.
- Place gates at the top and bottom of stairs. Install operable window guards on windows at the second story and higher. Keep furniture away from windows.
- Turn pan handles toward the back of the stove.
- Don’t leave hot liquids on tables with tablecloths that your child might pull down.
- Have working smoke and carbon monoxide alarms on every floor. Test them every month and change the batteries every year. Make a family escape plan in case of fire in your home.

WHAT TO EXPECT AT YOUR CHILD’S 18 MONTH VISIT

We will talk about
- Handling stranger anxiety, setting limits, and knowing when to start toilet training
- Supporting your child’s speech and ability to communicate
- Talking, reading, and using tablets or smartphones with your child
- Eating healthy
- Keeping your child safe at home, outside, and in the car
