To provide you and your baby with the best possible health care, we would like to know how things are going. Please answer all the questions. Maternal Depression screening is also part of this visit. Thank you.

WHAT WOULD YOU LIKE TO TALK ABOUT TODAY?

Do you have any concerns, questions, or problems that you would like to discuss today?  ○ No  ○ Yes, describe:

TELL US ABOUT YOUR BABY AND FAMILY.

What excites or delights you most about your baby?

Does your baby have special health care needs?  ○ No  ○ Yes, describe:

Have there been major changes lately in your baby’s or family’s life?  ○ No  ○ Yes, describe:

Have any of your baby’s relatives developed new medical problems since your last visit?  ○ No  ○ Yes  ○ Unsure If yes or unsure, please describe:

Does your baby live with anyone who smokes or spend time in places where people smoke or use e-cigarettes?  ○ No  ○ Yes  ○ Unsure

YOUR GROWING AND DEVELOPING BABY

Do you have specific concerns about your baby’s development, learning, or behavior?  ○ No  ○ Yes, describe:

Check off each of the tasks that your baby is able to do.

☐ Look at you.
☐ Follow you with her eyes.
☐ Comfort herself by doing things such as bringing his hands to his mouth.
☐ Start to get fussy when she is bored.
☐ Calm when he is picked up or spoken to.
☐ Look briefly at objects.
☐ Make short sounds such as “ooh” and “ah.”
☐ Become alert when she hears unexpected sounds.
☐ Become quiet or turn when he hears your voice.
☐ Show signs she is sensitive to her surroundings (such as crying or startling) or need extra support to handle daily activities.
☐ Use different cries for hunger and tiredness.
☐ Move both arms and legs together.
☐ Hold his chin up when he is on his stomach.
☐ Open her fingers a little when at rest.
1 MONTH VISIT

RISK ASSESSMENT

Was your baby or any household member born in, or has he or she traveled to, a country where tuberculosis is common (this includes countries in Africa, Asia, Latin America, and Eastern Europe)?

- No
- Yes
- Unsure

Has your baby had close contact with a person who has tuberculosis disease or who has had a positive tuberculosis test result?

- No
- Yes
- Unsure

Is your baby infected with HIV?

- No
- Yes
- Unsure

Vision

Do you have concerns about how your baby sees?

- No
- Yes
- Unsure

ANTICIPATORY GUIDANCE

How are things going for you, your baby, and your family?

YOUR FAMILY’S HEALTH AND WELL-BEING

Living Situation and Food Security

Is permanent housing a worry for you?

- No
- Yes

Do you have the things you need to take care of your baby, such as a crib, a car safety seat, and diapers?

- Yes
- No

Does your home have enough heat, hot water, and electricity?

- Yes
- No

Do you have health insurance for yourself?

- Yes
- No

Within the past 12 months, were you ever worried whether your food would run out before you got money to buy more?

- No
- Yes

Within the past 12 months, did the food you bought not last, and you did not have money to get more?

- No
- Yes

Do you need help in finding community support services, such as WIC or food stamps?

- No
- Yes

Have you had any problems with mold or dampness in your home?

- No
- Yes

If your home has a basement, has it been checked for radon?

- NA

Do you use pesticides inside or outside your home?

- No
- Yes

Intimate Partner Violence

Do you always feel safe in your home?

- Yes
- No

Has your partner, or another significant person in your life, ever hit, kicked, or shoved you, or physically hurt you or the baby?

- No
- Yes

Maternal Alcohol and Substance Use

Does anyone in your household drink beer, wine, or liquor?

- No
- Yes

Do you or other family members use marijuana, cocaine, pain pills, narcotics, or other controlled substances?

- No
- Yes

Family Support

Do you feel comfortable returning to work or school after the baby’s birth?

- Yes
- No

Have you made arrangements for child care?

- Yes
- No

MOTHER’S HEALTH AND FAMILY RELATIONSHIPS

Have you had a post-birth checkup?

- Yes
- No

Does your partner or do other family members help care for the baby and help around the house?

- Yes
- No

If you have older children, are they getting along with the baby?

- NA

CARING FOR YOUR BABY

Is your baby sleeping well?

- Yes
- No

Does your baby use a pacifier?

- Yes
- No

Can you tell what your baby wants by how she cries?

- Yes
- No

Are you able to calm your baby?

- Yes
- No

Is a TV, computer, tablet, or smartphone on in the background while your baby is in the room?

- No
- Yes

Do you put your baby on his tummy for short periods of time when he is awake and with you?

- Yes
- No

**HISTORY**

**Concerns and Questions:** □ None

**Interval History:** □ None

**Medical History:** □ Infant has special health care needs.

- Areas reviewed and updated as needed
  - Past Medical History (See Initial History Questionnaire.)
  - Surgical History (See Initial History Questionnaire.)
  - Problem List (See Problem List.)

**Medications:** □ None

- Reviewed and updated (See Medication Record.)

**Allergies:** □ No known drug allergies

**Screening Results:**

- Newborn blood screening: □ Normal □ Abnormal

- Newborn hearing screening: □ Passed BL □ Referred

**Nutrition:**

- Breast milk:
  - Minutes per feeding: _________
  - Hours between feedings: _______
  - Feedings per 24 hours: _______
  - Problems with breastfeeding: ____________________________

- Vitamin D supplements: □ None

- Formula: Type/brand: ____________
  - Source of water: ____________
  - Feedings per 24 hours: _______
  - Ounces per feeding: _______
  - Problems with bottle-feeding: ____________________________

**Elimination:** □ Regular soft stools □ Normal urine stream

**Sleep:** □ Normal pattern □ On back □ Safe sleep surface

**Behavior:** □ No concerns

**Activity (tummy time):**

**DEVELOPMENT**

- □ SOCIAL LANGUAGE AND SELF-HELP
  - Calms when picked up or spoken to
  - Looks briefly at objects

- □ VERBAL LANGUAGE
  - Alerts to unexpected sound
  - Makes brief short vowel sounds

- □ GROSS MOTOR
  - Holds chin up in prone

- □ FINE MOTOR
  - Holds fingers more open at rest

- □ = Normal development  □ See Previsit Questionnaire.

**Caregiver concerns about development:** □ None □ Yes: ____________________________

SOCIAL AND FAMILY HISTORY

Areas reviewed and updated as needed (See Initial History Questionnaire.): □ Social History □ Family History

Changes since last visit:

Smoking household: □ No □ Yes: ______________________

Parent adjustment to new infant: ______________________

Observation of parent-infant interaction: ______________________

Reactions of sibling to new infant: ______________________

Work plans: ______________________  Child care: □ Parent(s) □ Family □ In-home □ Center □ Other: ______________________

REVIEW OF SYSTEMS

□ A 10-point review of systems was performed and results were negative except for any positive results listed below.

**Bold** = Focus area for this Bright Futures Visit

Constitutional: ______________________  Respiratory: ______________________  Skin: ______________________

Eyes: ______________________  Gastrointestinal: ______________________  Neurological: ______________________

Head, Ears, Nose, and Throat: ______________________  Genitourinary: ______________________  Other: ______________________

Cardiovascular: ______________________  Musculoskeletal: ______________________  Other: ______________________

PHYSICAL EXAMINATION

✓ = System examined  **Bold** = Focus area for this Bright Futures Visit

Normal examination findings in text. Cross out abnormalities. Describe other findings in the area provided.

□ Head: Normocephalic and atraumatic. No positional skull deformities. Anterior fontanelle open and flat.

□ Ears, nose, and throat: Tympanic membranes with visible light reflex bilaterally. No oral lesions or thrush.

□ Neck: Supple, with full range of motion without torticollis.

□ Heart: Regular rate and rhythm. No murmur. Symmetrical femoral pulses.

□ Respiratory: Breath sounds clear bilaterally. Comfortable work of breathing.

□ Abdomen: Soft, with no palpable masses. Well-healed umbilicus.

□ Genitourinary:

□ Normal female external genitalia.

□ Normal male external genitalia, with testes palpable in scrotum bilaterally.

□ Musculoskeletal: Spine straight. Negative Ortolani and Barlow maneuvers.

□ Skin: Warm and well perfused. No lesions, birthmarks, or bruising.

Other comments: ______________________

ASSESSMENT

□ Well child  □ Normal interval growth (See growth chart.)  □ Age-appropriate development
Well Child | 1 Month Visit

ANTICIPATORY GUIDANCE

☐ Discuss and/or handout given

☐ SOCIAL DETERMINANTS OF HEALTH
- Living situation and food security
- Environmental tobacco exposure
- Dampness and mold, radon, and pesticides
- Intimate partner violence
- Maternal alcohol and substance use
- Family support

☐ PARENT AND FAMILY HEALTH
- Postpartum checkup
- Maternal depression
- Family relationships

☐ NUTRITION AND FEEDING
- Feeding plans and choices
- General guidance on feeding
- Breastfeeding or formula-feeding guidance

☐ INFANT BEHAVIOR AND DEVELOPMENT
- Sleeping and waking
- Fussiness and attachment
- Media
- Playtime
- Medical home after-hours support

☐ SAFETY
- Car safety seats
- Safe sleep
- Preventing falls
- Emergency care

PLAN

Provider 2

Consistent with Bright Futures: Guidelines for Health Supervision of Infants, Children, and Adolescents, 4th Edition
HOW YOUR FAMILY IS DOING
- If you are worried about your living or food situation, talk with us. Community agencies and programs such as WIC and SNAP can also provide information and assistance.
- Ask us for help if you have been hurt by your partner or another important person in your life. Hotlines and community agencies can also provide confidential help.
- Tobacco-free spaces keep children healthy. Don’t smoke or use e-cigarettes. Keep your home and car smoke-free.
- Don’t use alcohol or drugs.
- Check your home for mold and radon. Avoid using pesticides.

HOW YOU ARE FEELING
- Take care of yourself so you have the energy to care for your baby. Remember to go for your post-birth checkup.
- If you feel sad or very tired for more than a few days, let us know or call someone you trust for help.
- Find time for yourself and your partner.

CARING FOR YOUR BABY
- Hold and cuddle your baby often.
- Enjoy playtime with your baby. Put him on his tummy for a few minutes at a time when he is awake.
- Never leave him alone on his tummy or use tummy time for sleep.
- When your baby is crying, comfort him by talking to, patting, stroking, and rocking him. Consider offering him a pacifier.
- Never hit or shake your baby.
- Take his temperature rectally, not by ear or skin. A fever is a rectal temperature of 100.4°F/38.0°C or higher. Call our office if you have any questions or concerns.
- Wash your hands often.

FEEDING YOUR BABY
- Feed your baby only breast milk or iron-fortified formula until she is about 6 months old.
- Avoid feeding your baby solid foods, juice, and water until she is about 6 months old.
- Feed your baby when she is hungry. Look for her to
  - Put her hand to her mouth.
  - Suck or root.
  - Fuss.
- Stop feeding when you see your baby is full. You can tell when she
  - Turns away
  - Closes her mouth
  - Relaxes her arms and hands
- Know that your baby is getting enough to eat if she has more than 5 wet diapers and at least 3 soft stools each day and is gaining weight appropriately.
- Burp your baby during natural feeding breaks.
- Hold your baby so you can look at each other when you feed her.
- Always hold the bottle. Never prop it.

If Breastfeeding
- Feed your baby on demand generally every 1 to 3 hours during the day and every 3 hours at night.
- Give your baby vitamin D drops (400 IU a day).
- Continue to take your prenatal vitamin with iron.
- Eat a healthy diet.

If Formula Feeding
- Always prepare, heat, and store formula safely. If you need help, ask us.
- Feed your baby 24 to 27 oz of formula a day. If your baby is still hungry, you can feed her more.
WHAT TO EXPECT AT YOUR BABY’S 2 MONTH VISIT

We will talk about
- Taking care of your baby, your family, and yourself
- Getting back to work or school and finding child care
- Getting to know your baby
- Feeding your baby
- Keeping your baby safe at home and in the car

SAFETY

- Use a rear-facing–only car safety seat in the back seat of all vehicles.
- Never put your baby in the front seat of a vehicle that has a passenger airbag.
- Make sure your baby always stays in her car safety seat during travel. If she becomes fussy or needs to feed, stop the vehicle and take her out of her seat.
- Your baby’s safety depends on you. Always wear your lap and shoulder seat belt. Never drive after drinking alcohol or using drugs. Never text or use a cell phone while driving.
- Always put your baby to sleep on her back in her own crib, not in your bed.
  - Your baby should sleep in your room until she is at least 6 months old.
  - Make sure your baby’s crib or sleep surface meets the most recent safety guidelines.
  - Don’t put soft objects and loose bedding such as blankets, pillows, bumper pads, and toys in the crib.
- Swaddling should be used only with babies younger than 2 months.
- If you choose to use a mesh playpen, get one made after February 28, 2013.
- Keep hanging cords or strings away from your baby. Don’t let your baby wear necklaces or bracelets.
- Always keep a hand on your baby when changing diapers or clothing on a changing table, couch, or bed.
- Learn infant CPR. Know emergency numbers. Prepare for disasters or other unexpected events by having an emergency plan.
