To provide you and your baby with the best possible health care, we would like to know how things are going. Please answer all the questions. Maternal Depression screening is also part of this visit. Thank you.

WHAT WOULD YOU LIKE TO TALK ABOUT TODAY?
Do you have any concerns, questions, or problems that you would like to discuss today?  ○ No  ○ Yes, describe:

TELL US ABOUT YOUR BABY AND FAMILY.
What excites or delights you most about your baby?

Does your baby have special health care needs?  ○ No  ○ Yes, describe:

Have there been major changes lately in your baby's or family's life?  ○ No  ○ Yes, describe:

Have any of your baby's relatives developed new medical problems since your last visit?  ○ No  ○ Yes  ○ Unsure If yes or unsure, please describe:

Does your baby live with anyone who smokes or spend time in places where people smoke or use e-cigarettes?  ○ No  ○ Yes  ○ Unsure

YOUR GROWING AND DEVELOPING BABY
Do you have specific concerns about your baby's development, learning, or behavior?  ○ No  ○ Yes, describe:

Check off each of the tasks that your baby is able to do.
☐ Laugh out loud.
☐ Look for you or another caregiver when he is upset.
☐ Turn toward voices.
☐ Make extended cooing sounds.
☐ Support herself on her elbows and wrists when she is on her tummy.
☐ Roll over from his tummy to his back.
☐ Keep her hands open, not in a fist.
☐ Play with his fingers.
☐ Grasp objects.
**4 MONTH VISIT**

### RISK ASSESSMENT

<table>
<thead>
<tr>
<th>Anemia</th>
<th>Is your baby drinking anything other than breast milk or iron-fortified formula?</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>

<td></td>
</tr>
<tr>
<td>Do you have questions about pumping and storing your breast milk?</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

If you are formula feeding, or providing formula supplementation, answer these questions.

<table>
<thead>
<tr>
<th>Question</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Are you using iron-fortified formula?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Do you have questions about using formula, such as how much it costs or how to prepare it?</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### SAFETY

#### Car and Home Safety

<table>
<thead>
<tr>
<th>Question</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Is your baby fastened securely in a rear-facing car safety seat in the back seat every time she rides in a vehicle?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Do you have any questions about what to do when you baby outgrows his current car safety seat?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Is your water heater set so the temperature at the faucet is at or below 120°F/49°C?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Do you ever drink or carry hot liquids (such as tea or coffee) when holding your baby?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Do you always keep one hand on your baby when changing diapers or clothing on a changing table, couch, or bed?</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

#### Safe Sleep

<table>
<thead>
<tr>
<th>Question</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you have any difficulty getting your baby to sleep on his back?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Have you moved your crib mattress to the lowest position to prevent falls?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Does your baby sleep in your room?</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### HISTORY

**Concerns and Questions:** ☐ None

**Interval History:** ☐ None

**Medical History:** ☐ Infant has special health care needs.
- Areas reviewed and updated as needed
- ☐ Past Medical History (See Initial History Questionnaire.)
- ☐ Surgical History (See Initial History Questionnaire.)
- ☐ Problem List (See Problem List.)

**Medications:** ☐ None

☐ Reviewed and updated (See Medication Record.)

**Current Medications:** ☐ None

**Allergies:** ☐ No known drug allergies

### DEVELOPMENT

- **SOCIAL LANGUAGE AND SELF-HELP**
  - ☐ Laughs aloud
  - ☐ Turns to voice
  - ☐ Vocalizes with extended cooing

- **VERBAL LANGUAGE**
  - ☐ Turns to voice

- **GROSS MOTOR**
  - ☐ Rolls over prone to supine
  - ☐ Supports on elbows and wrists in prone

- **FINE MOTOR**
  - ☐ Keeps hands unfisted
  - ☐ Plays with fingers in midline
  - ☐ Grasps object

### Nutrition:

- ☐ Breast milk
  - Feeding per 24 hours: _______
  - Problems with breastfeeding:

- Vitamin D supplements: ☐ Yes ☐ No

- ☐ Formula: Type/brand: ________ Source of water: ________
  - Feeding per 24 hours: ________ Ounces per feeding: ________
  - Problems with bottle-feeding:

- ☐ Solids: ☐ Not yet started
  - Giving:

- ☐ Elimination: ☐ Regular soft stools

- ☐ Sleep: ☐ Normal pattern ☐ On back ☐ Safe sleep surface

- ☐ Behavior: ☐ No concerns

- ☐ Activity (tummy time): ☐ No concerns

Well Child | 4 Month Visit

PHYSICAL EXAMINATION

Head: Normocephalic and atraumatic. No positional skull deformities. Anterior fontanelle open and flat.

Eyes: Fixes and follows. Red reflex present bilaterally. No opacification. Normal funduscopic examination findings.

Ears, Nose, and Throat: Tympanic membranes with visible light reflex bilaterally. No oral lesions or thrush.

Neck: Supple, with full range of motion without torticollis.

Heart: Regular rate and rhythm. No murmur. Symmetrical femoral pulses.

Respiratory: Breath sounds clear bilaterally. Comfortable work of breathing.

Abdomen: Soft, with no palpable masses.

Genitourinary:

Musculoskeletal:

Skin: Warm and well perfused. No lesions, birthmarks, or bruising.

ASSESSMENT

Well child □ Normal interval growth (See growth chart.) □ Age-appropriate development

SOCIAL AND FAMILY HISTORY

Areas reviewed and updated as needed (See Initial History Questionnaire.): □ Social History □ Family History

Changes since last visit:

Smoking household: □ No □ Yes:

Parental support and work-family balance:

Observation of parent-infant interaction:

Parents working outside home: □ One parent □ Both parents Child care: □ Parent(s) □ Family □ In-home □ Center □ Other:

Provider 2

Consistent with Bright Futures: Guidelines for Health Supervision of Infants, Children, and Adolescents, 4th Edition
HOW YOUR FAMILY IS DOING
- Learn if your home or drinking water has lead and take steps to get rid of it. Lead is toxic for everyone.
- Take time for yourself and with your partner. Spend time with family and friends.
- Choose a mature, trained, and responsible babysitter or caregiver.
- You can talk with us about your child care choices.

FEEDING YOUR BABY
- For babies at 4 months of age, breast milk or iron-fortified formula remains the best food. Solid foods are discouraged until about 6 months of age.
- Avoid feeding your baby too much by following the baby’s signs of fullness, such as:
  - Leaning back
  - Turning away

If Breastfeeding
- Providing only breast milk for your baby for about the first 6 months after birth provides ideal nutrition. It supports the best possible growth and development.
- Be proud of yourself if you are still breastfeeding. Continue as long as you and your baby want.
- Know that babies this age go through growth spurts. They may want to breastfeed more often and that is normal.
- If you pump, be sure to store your milk properly so it stays safe for your baby. We can give you more information.
- Give your baby vitamin D drops (400 IU a day).
- Tell us if you are taking any medications, supplements, or herbal preparations.

If Formula Feeding
- Make sure to prepare, heat, and store the formula safely.
- Feed on demand. Expect him to eat about 30 to 32 oz daily.
- Hold your baby so you can look at each other when you feed him.
- Always hold the bottle. Never prop it.
- Don’t give your baby a bottle while he is in a crib.

YOUR CHANGING BABY
- Create routines for feeding, nap time, and bedtime.
- Calm your baby with soothing and gentle touches when she is fussy.
- Make time for quiet play:
  - Hold your baby and talk with her.
  - Read to your baby often.
  - Encourage active play:
    - Offer floor gyms and colorful toys to hold.
    - Put your baby on her tummy for playtime. Don’t leave her alone during tummy time or allow her to sleep on her tummy.
    - Don’t have a TV on in the background or use a TV or other digital media to calm your baby.

HEALTHY TEETH
- Go to your own dentist twice yearly. It is important to keep your teeth healthy so you don’t pass bacteria that cause cavities on to your baby.
- Don’t share spoons with your baby or use your mouth to clean the baby’s pacifier.
- Use a cold teething ring if your baby’s gums are sore from teething.
- Don’t put your baby in a crib with a bottle.
- Clean your baby’s gums and teeth (as soon as you see the first tooth) 2 times per day with a soft cloth or soft toothbrush and a small smear of fluoride toothpaste (no more than a grain of rice).
WHAT TO EXPECT AT YOUR BABY’S 6 MONTH VISIT

We will talk about
- Caring for your baby, your family, and yourself
- Teaching and playing with your baby
- Brushing your baby’s teeth
- Introducing solid food
- Keeping your baby safe at home, outside, and in the car

SAFETY

- Use a rear-facing-only car safety seat in the back seat of all vehicles.
- Never put your baby in the front seat of a vehicle that has a passenger airbag.
- Your baby’s safety depends on you. Always wear your lap and shoulder seat belt. Never drive after drinking alcohol or using drugs. Never text or use a cell phone while driving.
- Always put your baby to sleep on her back in her own crib, not in your bed.
  - Your baby should sleep in your room until she is at least 6 months of age.
  - Make sure your baby’s crib or sleep surface meets the most recent safety guidelines.
  - Don’t put soft objects and loose bedding such as blankets, pillows, bumper pads, and toys in the crib.
- Drop-side cribs should not be used.
- Lower the crib mattress.
- If you choose to use a mesh playpen, get one made after February 28, 2013.
- Prevent tap water burns. Set the water heater so the temperature at the faucet is at or below 120°F /49°C.
- Prevent scalds or burns. Don’t drink hot drinks when holding your baby.
- Keep a hand on your baby on any surface from which she might fall and get hurt, such as a changing table, couch, or bed.
- Never leave your baby alone in bathwater, even in a bath seat or ring.
- Keep small objects, small toys, and latex balloons away from your baby.
- Don’t use a baby walker.
